PETITION TO WITHDRAW HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE NOTICE OF ALLOWANCE

Commissioner for Patents:

The above-referenced application became abandoned for failure to timely and properly reply to a Notice of Allowance mailed June 30, 2003, as shown in the USPTO PAIR system.

Applicants failed to respond to the Notice because the original Form PTOL-85 Notice of Allowance and Issue Fee Due was never received. A search of the file jacket and docket records show no indication that the Notice was received. Applicants hereby provide the following information to satisfy the requirements as specified by the USPTO regarding a grantable petition under 37 CFR § 1.137(a).

OFFICE OF PETITIONS

The following are the procedures at Seed Intellectual Property Law Group PLLC for processing mail and docketing USPTO due dates:

- a. Mail is received in the office; all USPTO correspondence is sent directly to the docketing department;
- b. Docketing personnel make an independent review of the documents and produce an independent calculation of due dates (without the use of a computer);
- c. Docketing personnel enter the base date (date mailed from USPTO) into our Computer Packages Inc. (CPI) database and select the appropriate template from the CPI system with the required date calculations programmed for each template;
- d. Docketing personnel compare the independent calculation date with the CPI-generated date for accuracy;
- e. Docketing personnel forward a copy of the "print screen" with all due dates listed, along with the USPTO correspondence, to the assigned legal assistant;
- f. The legal assistant reviews the docketing department's due date and enters the Action onto the legal assistant's desk calendar;
- g. The legal assistant enters the USPTO correspondence into the appropriate file and updates the file index, listing the date the correspondence was mailed from the USPTO and the date a response is due.

Enclosed are copies of records from our docketing department showing all actions/reminders for US matters entered into CPI with a base date of June 30, 2003, as well as a copy of records showing all actions for US matters with a due date of September 30, 2003, the due date of the Notice of Allowance in the instant case. We have redacted the serial numbers, filing dates and titles of the various matters in the attached docket reports. This was done in the interest of protecting client confidentiality, and in accord with the requirements of the U.S. Patent Office's own ethical canons. We identify our matters by an attorney docket number.

The subject application (U.S. Serial No. 09/839,027) is identified by attorney docket number 200017.432, as indicated in our previous correspondence with the Patent Office. This number does not appear on the docket reports for the days in question.

Also enclosed are a copy of the file index showing all correspondence to and from the USPTO for this matter and a copy of the legal assistant's desk calendar showing all actions due for the period September 29, 2003, through October 1, 2003, inclusive.

After a thorough review of our docketing department's records, the legal assistant's desk calendar, the file, and the file index, I believe that the Notice of Allowance mailed June 30, 2003, was not received in our office at any time.

Based upon these findings, I hereby request that this file be withdrawn from abandonment and a new Action be issued.

Respectfully submitted,

SEED Intellectual Property Law Group PLLC
